# WELCOME TO SPACE

Dear Colleague,

**Welcome to SPACE (Tech Expo USA 2025)! With a universe of opportunities under one roof, we're here to assist you in your mission to create new contacts, build strategic partnerships and keep up to date with the latest news in the space industry.**

We are all geared up to bring you an incredible 13th edition of Space Tech Expo USA. Be sure to take the time to explore our exhibitor list as we host the largest event we've seen to date, with over 300 companies for you to meet.

2025 sees the return of our two conference stages, the Industry Conference and the Technology Conference. Prepare to boldly go on an (inter)galactic journey to space future alongside visionary minds from the worlds of Star Trek, Hollywood, and beyond in our panel - Inspiring and Building Our Version of a Star Trek Future (Wednesday June 4, 2:15pm, Industry Conference).

This Show Guide details all the activities available and will help you make the most of your time at the expo. If you have any questions, please contact a team member at the front desk or in the sales lounge (Booth 103).

We hope you make the most of your time here, as together we drive forward the success of the US space industry.

Sincerely,  
**Gordy McHattie**  
Event Director – Space Tech Expo USA

## ACCESSIBILITY

Space Tech Expo USA is on the basement floor. Ramps and elevators are situated within the Prom Plaza, providing easy access to the Promenade Lobby; and also internally to get from Lobby level to the exhibit halls.

## ATM

There are ATMs in the Promenade Lobby.

## BOOTH INQUIRIES

If you would like to discuss the possibility of taking a booth at Space Tech Expo USA 2026 or Space Tech Expo Europe 2025, please visit our Sales Lounge at Booth 103, or email us at [info@spacetecheexpo.com](mailto:info@spacetecheexpo.com).

## MEDICAL EMERGENCIES

In the event of a medical emergency, alert venue Security of the situation by using the contact number 515 from any beige house phone or from a cell 562-499-7515.

## INTERNET

Complimentary Wi-Fi is provided by Boldyn Networks in the public areas of the venue. Premium Wi-Fi is available throughout the facility at a cost.

To connect to free Wi-Fi, open the list of Wi-Fi networks on your device and select "LongBeachFreeWiFi." A splash page will open, and you will be prompted to enter a valid email address. Once entered, hit the connect button and your device will be connected to the Wi-Fi.

## ORGANIZER'S OFFICE & SERVICE DESK

If you have any inquiries or require any assistance in finding your way around the expo, please ask the show management team, who can be found at the Organizer's Desk (Booth 1018) to the left of the hall by the last aisle. The telephone number for the on-site Organizer's Office is 562-499-7730.

## PARKING

The Long Beach Convention Center has more than 4,000 parking spaces around the Center in three parking garages and one ground level parking lot:

The closest garage for Space Tech Expo USA is the Promenade Parking Garage off Pine Avenue and Bay Street. It is open for conventions, tradeshows and events and has 420 spaces.

Parking is \$15 per car/per entry to any of the Center's lots. Rates are in effect seven days a week.

## TAXI SERVICE

Long Beach Yellow Cabs – 562-444-4444

## VENUE ADDRESS

Long Beach Convention & Entertainment Center, 300 East Ocean Boulevard, Long Beach, California, 90802.

## WATER

Water coolers are available throughout the show floor to keep you hydrated and focused during the event. You will find them at the Sales Lounge (Booth 103) and in both Conference theaters.

SPACE TECH EXPO  
USA

## THE GALACTIC CROSSWORD

TAKE A BREATH FROM THE  
BUSTLING EXPO FLOOR AND ENGAGING  
CONFERENCE SESSIONS WITH OUR  
SPACE-THEMED BRAIN TEASER!

### DOWN

1. Region where radio signals can be reflected
4. Point directly overhead in the sky
7. Engine burn to decrease orbital velocity
11. Location of next year's Space Tech Expo USA
12. Discovered laws of planetary motion
13. Cargo or instruments carried by spacecraft

### ACROSS

2. Process of joining two spacecraft in orbit
3. Force that propels rockets forward
5. German City hosting Europe's Largest B2B space event
6. When one celestial body blocks light to another
8. Return process through Earth's atmosphere
9. Lowest point in Earth orbit
10. Angular distance from celestial equator
14. Interstellar cloud of gas and dust
15. Measured relative to the fixed stars
16. Highest point in Earth orbit
17. Fourth state of matter found in stars
18. Horizontal angular position from true north

## SPACE TECH EXPO CONFERENCES

**SPACE TECH EXPO**  
INDUSTRY CONFERENCE

**SPACE TECH EXPO**  
TECHNOLOGY CONFERENCE

# WELCOME TO THE 2025 SPACE TECH EXPO USA CONFERENCE!

The free-to-attend conferences are back for 2025 – and they are more exciting than ever!

Set across two days and two stages, the Industry and Technology conferences bring together over 80 speakers representing the entire space supply chain. This is your opportunity to dive into key industry trends and attend high-impact sessions.

### WHAT'S ON THIS YEAR'S AGENDA?

The **Industry Conference** is shaping the conversation in the space sector, focusing on discussions that matter. We tackle the biggest industry trends and market obstacles, including maintaining global leadership in space, launch capabilities, enhancing collaboration in California's space hub, addressing supply chain vulnerabilities, policy implementation, and national security issues. Prepare to also boldly go on an (inter) galactic journey to space future alongside visionary minds from the worlds of Star Trek, Hollywood, and beyond.

The **Technology Conference** features the participation of pioneers and visionaries. With an engineering focus, sessions dive deep into advancing essential capabilities, covering AI, edge computing, data, quantum communications, alternative PNT, software, testing, exploration-enabling technologies, additive manufacturing, electronics, and thermal management.

**FREE TO ATTEND**  
**80+ SPEAKERS**  
**2 DAYS, 2 STAGES**  
**26+ SESSIONS**

**BENJAMIN ALVIN DREW**  
DIRECTOR FOR SPACE  
SUSTAINABILITY,  
NASA

**KARIN KUO**  
SENIOR VICE PRESIDENT  
OF PEOPLE  
VAST

**GARRETT WANG.**  
ACTOR, STAR TREK: VOYAGER  
AND STAR TREK: LOWER  
DECKS; FOUNDER,  
THE DELTA FLYERS PODCAST

**COLONEL EDWARD E. JONES**  
PRINCIPAL DEPUTY DIRECTOR,  
NATIONAL RECONNAISSANCE  
OFFICE, OFFICE OF SPACE  
LAUNCH

**CHARLES D. NORTON**  
DEPUTY CHIEF TECHNOLOGIST,  
NASA JET PROPULSION  
LABORATORY (JPL), CALIFORNIA  
INSTITUTE OF TECHNOLOGY

**AVIVA BULLER**  
DIRECTOR OF PROCUREMENT  
AND SUPPLY CHAIN,  
ASTROLAB

**CARMEN SHAFER**  
STAFF ENGINEER  
ENERGETICS  
MANUFACTURING,  
NORTHROP GRUMMAN

**ZACHARY ZAHAREK**  
ASSOCIATE GENERAL  
COUNSEL  
VIRGIN ATLANTIC

## REASONS TO ATTEND

- **Keep up** with the evolving industry landscape and glimpse into the future of space
- **Learn** how to navigate supply chain, trade and licensing challenges
- **Understand** the power of commercial space for national security
- **Gain** insights into technology innovation in AI, AltPNT, additive manufacturing and testing
- **Explore** California's growth opportunities and network with your industry peers face-to-face

# DAY 1 - AGENDA AT A GLANCE

## TUESDAY JUNE 3, 2025

|         |                                                                                                                                                                                                                 |
|---------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 9:30AM  | <b>Opening Keynote</b><br><i>City of Long Beach</i>                                                                                                                                                             |
| 9:45AM  | <b>Keynote: California, Where the Future Takes Lift Off</b><br><i>California Governor's Office of Business and Economic Development</i>                                                                         |
| 10:05AM | <b>Panel: Enhancing Collaboration in California's Legacy Space Hub</b><br><i>Rebel Space // Disruptive Technology Index (DTI) // NASA // VAST // Starburst</i>                                                  |
| 11:00AM | <b>Keynote: From the Earth to the Moon and Mars: Managing Space Debris in Nasa's Operating Environments</b><br><i>NASA</i>                                                                                      |
| 11:30AM | <b>Panel: Trump 2.0 - Key Priorities and Urgent Policies for a Thriving Space Ecosystem</b><br><i>The Planetary Society // Sur L'Espace PLLC // QinetiQ US // Taylor   Anderson LLP // Portal Space Systems</i> |
| 12:40PM | <b>Presentation: Understanding the Complexities on Obtaining an FAA Launch and Reentry License Under Part 450</b><br><i>Virgin Galactic</i>                                                                     |
| 1:00PM  | Lunch Break                                                                                                                                                                                                     |
| 2:00PM  | <b>Panel: Learn From the Best - Tackling Supply Chain Fragility and Navigating Trade Challenges</b><br><i>Aviation Week // Astrolab // Frontgrade Technologies // ExLabs // Redwire Space</i>                   |
| 3:00PM  | <b>Presentation: Advancing Connectivity: The Role of Vertical Integration in Shaping the Future of 5G in Space</b><br><i>Rocket Lab</i>                                                                         |
| 3:40PM  | <b>Space Tank: Igniting Innovation in Space</b><br><i>World Innovation Network // Orbital Outpost X // Melagen Labs // Astrum Drive Technologies // Bitrezus PC // ATRX</i>                                     |
| 4:45PM  | <b>Networking Reception in Exhibition Hall</b>                                                                                                                                                                  |

## TUESDAY JUNE 3, 2025

|         |                                                                                                                                                                  |
|---------|------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 9:45AM  | <b>Panel: Space Innovations at the Intersection</b><br><i>Deloitte Consulting // Axiom Space // Voyager Technologies, Space Solutions // MAC Venture Capital</i> |
| 10:45AM | <b>Presentations: Spotlight on AI &amp; Edge Computing</b><br><i>Orbital Outpost X // Satlyt // Machina Labs // Amazon Web Services // Aitech</i>                |
| 12:00PM | <b>Presentations: Software</b><br><i>Violet Labs // NASA Jet Propulsion Laboratory</i>                                                                           |
| 12:30PM | Lunch Break                                                                                                                                                      |
| 1:45PM  | <b>Presentations: Testing</b><br><i>Boeing // NASA Langley Research Center // Nikon Metrology // Vibration Research</i>                                          |
| 2:45PM  | <b>Presentation: Achieving Mission Success Through Effective FOD Prevention</b><br><i>Northrop Grumman</i>                                                       |
| 3:15PM  | <b>Presentations: Unlocking the Future of Lunar Missions</b><br><i>Belcan Consulting // Neurospace GMBH // Blueshift // CisLunar Industries</i>                  |
| 4:10PM  | <b>100 Years of Quantum Science - In Conversation with Boeing</b><br><i>UCLA Center for Quantum Science and Engineering // Boeing</i>                            |
| 4:45PM  | <b>Networking Reception in Exhibition Hall</b>                                                                                                                   |

# DAY 2 - AGENDA AT A GLANCE

## WEDNESDAY JUNE 4, 2025

|         |                                                                                                                                                                                                                                                   |
|---------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 9:30AM  | <b>Opening Keynote: Exploring Our Universe Through Space Technology</b><br><i>NASA Jet Propulsion Laboratory, California Institute of Technology</i>                                                                                              |
| 10:00AM | <b>Panel: Countering Threats to National Security</b><br><i>The Aerospace Corporation // GXO // SpaceWERX // National Reconnaissance Office (NRO), Office of Space Launch // Voyager Technologies</i>                                             |
